### I-CAR ANNOUNCES GOLD CLASS FOR RAY MORCOMS AUTO BODY REPAIRS

I-CAR Australia CEO Mark Czvitkovits today announced that Ray Morcoms Auto Body Repairs in Bathurst has been awarded the prestigious I-CAR Gold Class Collision status.

“Andrew and Laura Morcom have in the past 18 months committed themselves to the Road2Gold program and have achieved this result through a combination of Live, Virtual and Industry Training Alliance classes offered by I-CAR and PPG,” said Mr Czvitkovits.

“Ray Morcoms Auto Body Repairs was started in 1978 by the late Ray & Anthea Morcom. Ray’s two main principals were to fix the car the right way and to always do the right thing by their customers. We have grown substantially as a business since 1978 but our core values remain the same,” explained Andrew Morcom.

Laura Morcom added “We believe achieving I-CAR Gold Class has been a product of our great team & the constant support of I-CAR along the way. We are very proud of our staff and what we can offer the customer as far as a repair experience. It’s great to have a partnership with such an innovative passionate team, as I-CAR is, to see us into the future.”

“The Gold Class status is the highest level of accreditation within the I-CAR Professional Development Program and will compliment Ray Morcoms Auto Body Repairs value of quality & safety by ensuring they have the technology and capabilities to deliver on every repair” added Mr Czvitkovits.

*I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.*
