## I-CAR ANNOUNCES GOLD CLASS FOR B&A MOTOR BODY REPAIRS

I-CAR Australia Gold Class Coordinator Gary Wood today announced that B&A Motor Body Repairs in Clayton, Victoria has been awarded the prestigious I-CAR Gold Class Collision status.

"Dominic and the team at B&A Motor Body Repairs have shown great commitment to the training program that was developed 14 months ago. Through a combination of Virtual classroom sessions, ITA training in conjunction with PPG and participation in the I-CAR welding certification they fully deserve the recognition of I-CAR Gold Class status" said Mr Wood.

"We are very proud of our team who through their great efforts and willingness to learn have helped us achieve this high level of training standard. Partnering with I-CAR has assisted us to gain the confidence to meet the many changes within the industry to ensure we are prepared for the future.

Our team have enjoyed the benefits of their individual accreditation, whilst the company has gained the commitment and vital process of making continual professional development a standard practice. This has enabled us to efficiently deliver quality and safe repairs, by a team that has been highly trained to ultimately benefit our customers" explained Tony Mazzeo.

"The Gold Class status is the highest level of accreditation within the I-CAR Professional Development Program and will compliment B&A Motor Body Repairs value of quality & safety by ensuring they have the technology and capabilities to deliver on every repair" added Mr Wood.

*I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.*
