## I-CAR ANNOUNCES GOLD CLASS FOR KILLEN'S SMASH REPAIRS

I-CAR Australia Gold Class Coordinator Gary Wood today announced that Killen's Smash Repairs in Armidale, New South Wales has been awarded the prestigious I-CAR Gold Class Collision status.

"I am extremely pleased to award Killen's Smash Repairs I-CAR Gold Class status. Michael and the team have been regular participants in I-CAR training for a number of years. They made the decision to join the Road to Gold 12 months ago and have now successfully met all the requirements for I-CAR Gold Class status. Through a combination of Virtual classroom sessions, ITA training in conjunction with PPG and participation in the I-CAR welding certification they fully deserve the recognition. Well done to everyone at Killen's Smash Repairs," said Mr Wood.

Michael Killen explained "Killen's Smash Repairs are very proud to have achieved I-CAR Gold Class, we have valued I-CAR training since it began in Australia and believe that it provides direct benefits to our business in helping us to ensure that our repairs are completed to the highest possible standard and our clients can be confident that we are delivering the safest possible repair.

We are also very proud of the fact that as part of our Road to Gold training, all of our Panel Technicians have achieved Structural Weld Certification.

We look forward to continuing our training commitment with I-CAR into the future."

*I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.*
