I-CAR ANNOUNCES GOLD CLASS FOR GRAHAM BODYWORKS ELTHAM

I-CAR Australia Gold Class Coordinator Gary Wood today announced that Graham Bodyworks Eltham, Victoria has been awarded the prestigious I-CAR Gold Class Collision status.

“In August last year, Graham Bodyworks Eltham made the commitment to achieve I-CAR Gold Class accreditation within 12 months. Since then, both management and staff have benefited from the training and further skills acquired during the process. We pride ourselves on remanufacturing damaged vehicles back to OEM specifications, so with shifting technologies and advancements in vehicle manufacturing, keeping our knowledge and skills up to date is vitally important.

We are proud to have completed the courses in such a short time and believe that the knowledge acquired, and on-going training will be invaluable to our business. We are grateful to the team at I-CAR for the on-going support and advice given in helping us achieve our target,” explained business owner Glenn Chesser.

“The requirement for training in the automotive body repair industry is becoming more important than ever before, the Gold Class status is the highest level of accreditation within the I-CAR Professional Development Program and highlights Graham Bodyworks commitment to having the skills and knowledge required to safely repair modern vehicles,” added Mr Wood.

I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.
