I-CAR ANNOUNCES GOLD CLASS FOR BOUTIQUE AUTO BODY

I-CAR Australia Gold Class Coordinator Gary Wood today announced that Boutique Auto Body in Keilor East, Victoria has been awarded the prestigious I-CAR Gold Class Collision status.

“The team at Boutique Auto Body are extremely proud of reaching I-CAR Gold Class accreditation and wish to thank all of the I-CAR team and trainers for offering such a great program.

We also wish to thank Holden for making this part of the program for becoming a Holden Certified Collision Repairer.

This achievement adds to our outstanding customer service, whilst giving all our clients confidence their vehicles will be repaired to the highest possible safety standards, using the latest technologies, equipment and OEM repair and refinishing methods, ensuring their vehicles are repaired within factory tolerances using only Genuine Parts and often forgotten post collision corrosion protection,” explained Ross Spataro.

“Boutique Auto Body entered the Road to Gold program as part of the Holden Certified Collision Repairer requirements. From day one their attitude and commitment towards the training has been exceptional. Ross and the team are building a fantastic business at Boutique Auto Body and fully deserve the recognition of being a Gold Class repair facility,” added Mr Wood.

I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.
