I-CAR ANNOUNCES GOLD CLASS FOR COOROY SMASH REPAIRS

I-CAR Australia Gold Class Coordinator Gary Wood today announced that Cooroy Smash Repairs in Cooroy, Queensland has been awarded the prestigious I-CAR Gold Class Collision status.

“The team at Cooroy have been regular participants in I-CAR training for a number of years. They have a fantastic attitude towards training resulting in five members of staff now holding the Platinum Individual status. All panel staff have also completed the steel welding certification as well as having completed numerous role relevant virtual courses. The business has worked closely with PPG to schedule product specific training for all their Refinish staff, recognised by I-CAR through the Industry Training Alliance.

It's a great achievement by all involved, well done” said Mr Wood.

“At Cooroy Smash Repairs we are proud to be the first Motor Vehicle Repairer on the Sunshine Coast to achieve I-CAR Gold Class Status. We are a medium sized family business, situated in the hinterland of Noosa.

With so much of our work being from Insurance Companies, we find it so important to keep our staff up to date with the latest processes and technology. The I-CAR program makes it easy for us to do this. Their sessions are easy to follow and user friendly for all our staff. We are so proud of all our staff putting in their time and effort to achieve this,” explained Tom Lehmann.

I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.
