I-CAR ANNOUNCES GOLD CLASS FOR GRAHAM BODYWORKS GREENSBOROUGH

I-CAR Australia Gold Class Coordinator Gary Wood today announced that Graham Bodyworks in Greensborough, Victoria has been awarded the prestigious I-CAR Gold Class Collision status.

“This is a fantastic achievement by Graham Bodyworks. Having both their Eltham and Greensborough sites achieve I-CAR Gold Class in less than two years, is a demonstration of their commitment to developing their staff members knowledge and skills.

Graham Bodyworks have blended their I-CAR training with training available from our ITA partners, Car-O-Liner and Akzo Nobel. This has enabled them to complete a comprehensive training plan that has benefitted all individuals in the business within their specific roles. Congratulations to everyone involved” said Mr Wood.

“I am very proud of our second Graham Bodyworks site achieving Gold Class accreditation, and the commitment of our staff in embracing training. The ongoing training will be invaluable to enable our team to stay up to date with the latest motor vehicle technology.

We thank I-CAR Australia for their ongoing support and look forward to working with their team in the future to ensure we remain at the highest level in the collision repair sector.” explained business owner, Glenn Chesser.

I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.
