## I-CAR ANNOUNCES GOLD CLASS FOR SPECIALISED COLLISION REPAIR CENTRE

I-CAR Australia Gold Class Coordinator Gary Wood today announced that Specialised Collision Repair Centre in Sunbury, Victoria has been awarded the prestigious I-CAR Gold Class Collision status.

“Congratulations to everyone at Specialised Collision Repair Centre in achieving the I-CAR Gold Class accreditation. This has been an incredibly challenging year with many repairers feeling the impact of COVID-19 upon their businesses. Those who have been able, have taken the opportunity to focus on training and development for their staff members during the downturn in business. Jason and the team at Specialised are an example of what can still be achieved in the toughest of times.

Being part of the Suncorp approved repairer network, they took the decision to concentrate on fulfilling the training requirements that Suncorp have introduced, which has seen them meet the objective and become Gold Class accredited well ahead of the completion date. Great work by everyone involved,” said Mr Wood.

“We at Specialised Collision Repair Centre feel very privileged to have accomplished Gold Class status with I-CAR.

We strive to give our customers the best quality of service and workmanship we can. Now, with the knowledge and skills gained from the I-CAR training, we can be sure that our customers are receiving just that,” explained Jason Case.

*I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.*
