I-CAR ANNOUNCES GOLD CLASS FOR JACKSON BROS WALLSEND SMASH REPAIRS

I-CAR Australia is pleased to announce today that Jackson Bros Wallsend Smash Repairs has been awarded the prestigious I-CAR Gold Class Collision status.

Jackson Bros are located in Maryland, NSW and are part of the IAG (NRMA) repairer network as well as Youi's repairer network. *"We have decided to enter the Road to Gold program to ensure our team was up to date on the latest advances in technology and practices in motor vehicle repairs and refinishing.*

"We found the process extremely easy to navigate as well as incredibly accessible – utilising the virtual classroom as often as possible to minimise the time the team was off the floor. As there are only so many Refinishing courses offered, we were able to contact PPG to arrange our Lead Refinish Tech to complete a course to obtain Platinum Status" the team at Jackson Bros explained.

"The whole I-CAR team were great to deal with. From our first contact with admin staff, onto the instructors and all staff involved, we have had an invigorating learning experience and have developed an eagerness to continue our Gold Class renewal training to learn more about our industry, its practices, and evolving technologies."

The requirement for training in the automotive body repair industry is becoming more important than ever before, the Gold Class status is the highest level of accreditation within the I-CAR Professional Development Program and highlights Jackson Bros Wallsend Smash Repairs' ongoing commitment of having the skills and knowledge required to safely repair modern vehicles.

I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.
