I-CAR ANNOUNCES A NEW TRAINING PROGRAM COORDINATOR

I-CAR Australia CEO Mark Czvitkovits today announced the engagement of a Training Program Coordinator for Gold Class and Industry Training Alliance programs across Australia.

Mr Czvitkovits explained “Gary Wood has joined I-CAR’s staff and will operate from the office in Thomastown, Victoria. Gary has extensive experience at both the repair level and education level of collision repair and brings a wealth of experience as an accredited Porsche, Audi and BMW trained technician. Gary’s position will include the supervision of the ever expanding Gold Class Network, by providing a service to help manage their training requirements and to provide these businesses with the support required to meet the challenge of the future.”

The consistent growth of the Gold Class network experienced by I-CAR continues right across Australia. Following the recent I-CAR Board meeting, it was unanimously agreed to establish a dedicated position to meet the expected growth of the network and work with all ITA partners into providing better training resources across the country.

“Gary is an I-CAR certified welder and we believe Gary will become an integral part of the I-CAR team to help provide the next level of service to all I-CAR customers, now and into the future” added Mr Czvitkovits.

Gary Wood can be contacted at gary.wood@i-car.com.au

I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.
