I-CAR ANNOUNCES FOUR MORE SHEEN PANEL SERVICE GOLD SHOPS

I-CAR Australia CEO Mark Czvitkovits, today announced that the Sheen Panel Service Group have added four more Gold Class accredited businesses to their group. The addition of Bayswater, Box Hill, Hastings and Hawthorn brings the total number of businesses within the group to achieve Gold Class to twelve.

David Whitehead, Business Development Manager commented “As we continue to strive for excellence within the Sheen Group, our decision to invest in I-CAR training offers the dual benefit of increasing our knowledge in the repair process and ultimately delivering the end customer a better product. With the automotive industry presenting us with so many challenges, with both new manufacturing procedures and materials, our commitment to ongoing training with I-CAR has been our natural next step. Our employees also enjoy the personal benefits of becoming individually accredited and this helps sets standards for apprentices to aspire to. For the Sheen Group the investment in our people and quality is what makes us who we are.”

“The achievement of Gold Class is a really rewarding process with all our shops engaged in becoming accredited as soon as they can. We aim to achieve I-CAR Gold Class accreditation in our 25 shop network as soon as we can,” added Mr Whitehead.

“The Sheen Group continues to lead the way in training across Victoria and is providing their technicians with the valuable learning culture environment that will bring added value to their customer base both now and into the future,” said Mr Czvitkovits.
