I-CAR ANNOUNCES GOLD CLASS FOR WAYNE PHIPPS SMASH REPAIRS

I-CAR Australia Gold Class Coordinator Gary Wood today announced that Wayne Phipps Smash Repairs in Midland, Western Australia has been awarded the prestigious I-CAR Gold Class Collision status.

“Wayne Phipps is extremely proud to have achieved I-CAR Gold status. It has taken some time and energy but has been worth the ride. Staff at Wayne Phipps Smash Repairs have been enthusiastic and competitive during the journey.

Cars are not all the same today and it is vitally important that our technicians understand the materials, structure and technology behind them. Therefore, post trade training is vital and while some repairers deem it unnecessary, or only train key individuals, I believe every person working on a vehicle should be topped up with as much knowledge as possible.

All of us at Wayne Phipps Smash Repairs look forward to working with I-CAR on our journey of continuous improvement” explained Mr Phipps.

“It has been a great month for everyone involved at Wayne Phipps Smash Repairs. Along with achieving I-CAR Gold Class status they have also become part of the Holden Certified Repairer Network.

Congratulations from everyone at I-CAR Australia. Wayne Phipps Smash Repairs join an exclusive group of repairers who continue to set high standards in the industry” added Mr Wood.

I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.
