I-CAR ANNOUNCES GOLD CLASS FOR BALCATT A PANEL AND PAINT

I-CAR Australia Gold Class Coordinator Gary Wood today announced that Balcatta Panel and Paint in Balcatta, Western Australia has been awarded the prestigious I-CAR Gold Class Collision status.

“To see the team at Balcatta Panel and Paint achieve I-CAR Gold Class status is particularly pleasing. They have self-managed their training schedule which fully demonstrates their commitment to training and their collective desire to keep up with the constant changes taking place in our industry. Nationally, Car Craft now have a total of ten businesses that have achieved the I-CAR Gold Class accreditation, they are setting a great example within the industry,” said Mr Wood.

“As a small shop in Balcatta (WA) focussing on insurance repairs, it was essential for us to be part of the I-CAR accreditation process. Our team has worked hard to achieve the I-CAR Gold Class status and we have succeeded in July 2019. Combined with our decades of experience in the industry and as a Car Craft member, the I-CAR Gold Class Status has equipped us with the knowledge and skills to repair modern vehicles to manufacturers’ standards.

We want to see our customers leaving in a safe to drive vehicle and I-CAR will contribute to this with their excellent training for our staff. We thank I-CAR, Car Craft and especially our staff for having such a great work ethic,” said Andrew Jaques.

I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.
