

DAMAGE ANALYSIS OF CONVENIENCE SYSTEMS

EA080E01

Course Format: Online training with posttest

I-CAR Credit Hours: 1 hour

Points: 0.25

This course helps satisfy ProLevel training requirements for the following roles:

Estimator

Assessor

Course Content

Module 1

Damage Analysis of Convenience Systems is designed to provide an understanding of parts, operation, and damage analysis inspection items of the various driver and passenger convenience systems. Estimator is able to assess damage to vehicle convenience systems such as power seats.

Module 2

Identify the cause of system failures based on indicators for the keyless entry system, theft-deterrent system, rain sensing wipers system, climate-controlled seats system, and the hands-free access system.

Learning Objectives

- Understand the parts, operation and damage analysis inspection items of various driver and passenger convenience systems.
- Able to assess damage to vehicle convenience systems.
- Identify the cause of system failures.
