

INCORPORATING ADVANCED DRIVE ASSISTANCE SYSTEMS (ADAS) IN YOUR BUSINESS

VT310E01

Course Format: Online training with posttest

I-CAR Credit Hours: 1

I-CAR Points: 0.25

This course helps satisfy ProLevel training requirements for the following roles:

Non-Structural Technician

Assessor

Refinish Technician

Structural Technician

Estimator

Incorporating ADAS in Your Business is a half-hour course that examines the importance of preparing the business for ADAS repairs. This course identifies the different options available for ADAS calibrations and what is required to develop an in-shop ADAS calibration facility.

Course Content

Module 1

This module outlines how ADAS is now on your doorstep now and how this will impact on your business. It will also discuss ADAS calibration options and the processes that will need to be understood to incorporate ADAS into your business.

Learning Objectives

- How ADAS is impacting your business
- Discuss ADAS calibration options
- How to incorporate ADAS into your business
