I-CAR ANNOUNCES GOLD CLASS FOR CABOOLTURE CRASH REPAIRS

I-CAR Australia is pleased to announce today that Caboolture Crash Repairs has been awarded the prestigious I-CAR Gold Class Collision status.

"I place a lot of emphasis on staying up to date with the latest industry procedures and technology. I-CAR's 'Road to Gold' program has helped to make this achievable with their structured training options.

The flexibility of both online and on-site training has enabled several of my staff to achieve Platinum status. Feedback received from my staff is that they felt reassured to know that their skills are current, and that they found the courses to be relevant and easily accessible.

It was also beneficial that PPG, being one of I-CAR's Industry Training Alliance partners, could come on-site to provide staff training on workshop procedures and time management. After the training we implemented new procedures and it has been pleasing to see an increase in efficiency." stated Ian Wust, owner of Caboolture Crash Repairs.

Caboolture Crash Repairs is located in Caboolture, Queensland and is part of the Suncorp Insurance repairer network. By gaining the I-CAR Gold Class accreditation they join the growing number of businesses that have integrated regular training into their business, that will benefit their staff members, the business, and their valued customers.

The Gold Class accreditation places them in a very strong position to overcome the challenges presented by the ever-evolving automotive industry.

I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.
