## I-CAR ANNOUNCES GOLD CLASS FOR DAVID NASH SMASH REPAIRS

I-CAR Australia is pleased to announce today that David Nash Smash Repairs has been awarded the prestigious I-CAR Gold Class Collision status.

*“Our staff had completed random training courses previously, but we were looking for a more structured and goal-oriented way to keep abreast of constant changes in the industry. It made sense to jump on board the ‘Road to Gold’ program when it was offered to us as part of the Suncorp Group recommended repairer criteria.*

*The various training methods we utilised with I-CAR provided flexibility and options to integrate training into our daily work schedules with relevant ease. PPG also provided valuable onsite training for our entire staff, which had the benefit of getting everyone in the team on the same page.*

*We want to keep our Gold Class status long term by integrating courses into our future planning process. David and I feel this has to be good for all: customers, staff, work providers, and the business itself,”* stated Kathy Nash, business manager of David Nash Smash Repairs.

Congratulations to David Nash Smash Repairs, which is located in Hervey Bay QLD, for joining the growing number of businesses that have recognised the benefits of regular training in the automotive body repair industry. The Gold Class status is the highest level of accreditation within the I-CAR Professional Development Program and highlights David Nash Smash Repairs’ commitment to having the skills and knowledge required to safely repair modern vehicles.

*I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.*
