

Determining Overall Vehicle Repairability

AP035E02

Course Format: Online training with posttest

I-CAR Credit Hours: 1 hour

Points: 0.25

This course helps satisfy ProLevel training requirements for the following roles:

Assessor

Summary

Auto physical damage appraisers (APDA) rely on a process to determine whether a vehicle is repairable or a total loss. You will study that process by examining the steps to accurately document the vehicle's condition and actual cash value. You will also learn how the total loss matrix document is used to determine repairability.

Course Content

Module 1—Determining Overall Vehicle Repairability

Determining Overall Vehicle Repairability is designed to provide an understanding of the process for determining overall vehicle repairability, including determining the condition of the vehicle, actual cash value.

Learning Objectives

- Determine the actual cash value of a vehicle
- Determine vehicle options and condition
- Determine vehicle repairability
- Identify steps to take after a total loss determination
